Purdue eProNet is a unique life-long career resource designed to serve the needs of university alumni. We have a 10-year track record of matching exceptional individuals with exceptional opportunities, and we are regarded as the premier online executive recruiting and career management company.

Purdue eProNet—What We Offer

Purdue eProNet belongs to a consortium of alumni associations of major universities. By joining forces under the eProNet banner, these alumni associations are able to offer a superior career resource to their alumni. When you join Purdue eProNet, you benefit from the integrity of an independently run company endorsed by the alumni associations of some of the world's most esteemed universities. Membership is open to Purdue alumni on a lifetime basis at no charge.

The Purdue eProNet Advantage

Purdue eProNet is a multi-featured and life-long career management resource. Many of our members have successfully used eProNet to make major strides forward in their careers, meeting and even surpassing their personal goals. With our extremely diverse client base, we are able to offer our members a full range of highly desirable job opportunities. And, as a member of Purdue eProNet, you also have unlimited access to CareerSteps, our powerful personal and professional assessment tool. CareerSteps helps you analyze your strengths and skills, define your competitive advantage, and make fully informed and satisfying career decisions. Membership in Purdue eProNet benefits you no matter what your present job status and whether or not you are currently seeking a new position.

What Makes Purdue eProNet Unique

At Purdue eProNet, we recognize that a successful career is more than just a series of jobs, and we understand that matching our members with the right position takes great skill and sensitivity. As a

member of Purdue eProNet, you are always treated as an individual, not just as one more name in a vast database. Unlike the mass market job boards, your resume never becomes lost in a sea of electronic data.

Our Services: Tailored for the Professional

Purdue eProNet is designed for high-achieving professionals. Our streamlined online features, combined with advanced Internet technology, translate into speed, convenience and excellent matches between our members and our clients. You can stay on top of job opportunities and access our career management tools whenever you wish.

Profiles and Resumes

When you first join eProNet, you will be asked to complete a resume and profile, an online process that is fast and simple. Your career information becomes part of the proprietary eProNet database, designed to ensure the best fit possible between our members and clients. You can update your information at any time.

Direct Search

Direct Search is a state-of-the-art online search tool that makes it easy for employers to identify you as a potential candidate. Direct Search is designed to highlight your career achievements and qualifications while stringently protecting your confidential contact information. Because our clients can search detailed profiles, not just resumes, and because they can set highly specific search parameters, our Direct Search tool maximizes the likelihood that you'll be matched to highly attractive career opportunities.

Contact Tracker

The Contact Tracker is a unique online tool that makes it easy for you to view job prospects and manage your contact with potential employers. You can use it to:

- View job opportunities from prospective employers
- Communicate your interest in a position or decline contact
- Organize and track your opportunities

CareerSteps

CareerSteps is a fully interactive career and skills assessment tool designed to help you proactively manage your career. It's designed so that you can work at your own pace, starting and stopping any activity whenever you wish—your data will automatically be saved. You can use it to:

- Determine the overall direction of your career
- Evaluate job opportunities
- Help you select the job offer that fits you best

Tight Security and Confidentiality

Access to eProNet is ID and password protected. All information you submit to eProNet is strictly confidential. No one but you has the authority to release your contact information to an employer. Your name and contact information will always be safeguarded and never sold or used for any other purpose without your consent.

Outstanding Career Opportunities

Businesses the world over recognize the quality of eProNet's talent pool, and our prestigious clients are in a position to offer top-level professional opportunities to our members. Our corporate clients range from dynamic start-ups to venerable corporations and include many high tech and Internet firms as well as financial service institutions and communications, biotechnology, pharmaceutical and consulting service firms. Our corporate clients have openings throughout the United States as well as in international business centers around the globe.

Diverse Hiring Needs

eProNet's corporate clients have a wide cross-section of needs. Some are looking for candidates with highly specialized skills, particularly in technology, engineering and science, while others are seeking individuals with more general business backgrounds. Many clients turn to eProNet to help them fill choice positions for mid- to senior-level executives, all the way up to CEO. Diverse as they are, however, our clients all share a need to find the best and brightest professionals available. And they share something else as well: an appreciation for the top-caliber candidates that eProNet has to offer.
